EXPERIMENT 9

Patient Appointment Booking System – Dashboard and Reports

Name: Thanashree G R

Roll No: 241501262

Aim

To create and view a dashboard in Zoho Creator that summarizes patient registrations and appointment information using summary cards, charts, and an appointment schedule report.

Procedure

1. Open the Patient Appointment Booking System application in Zoho Creator.

2. Create or open the Patient Appointment Dashboard page.

3. Add summary cards to display total patient registrations, new consultations, and follow-up appointments.

4. Add charts to visualize patients by department, appointments by type, and preferred appointment dates.

5. Add the Appointment Schedule Report to display patient name, department, preferred appointment date, preferred appointment time, and appointment type.

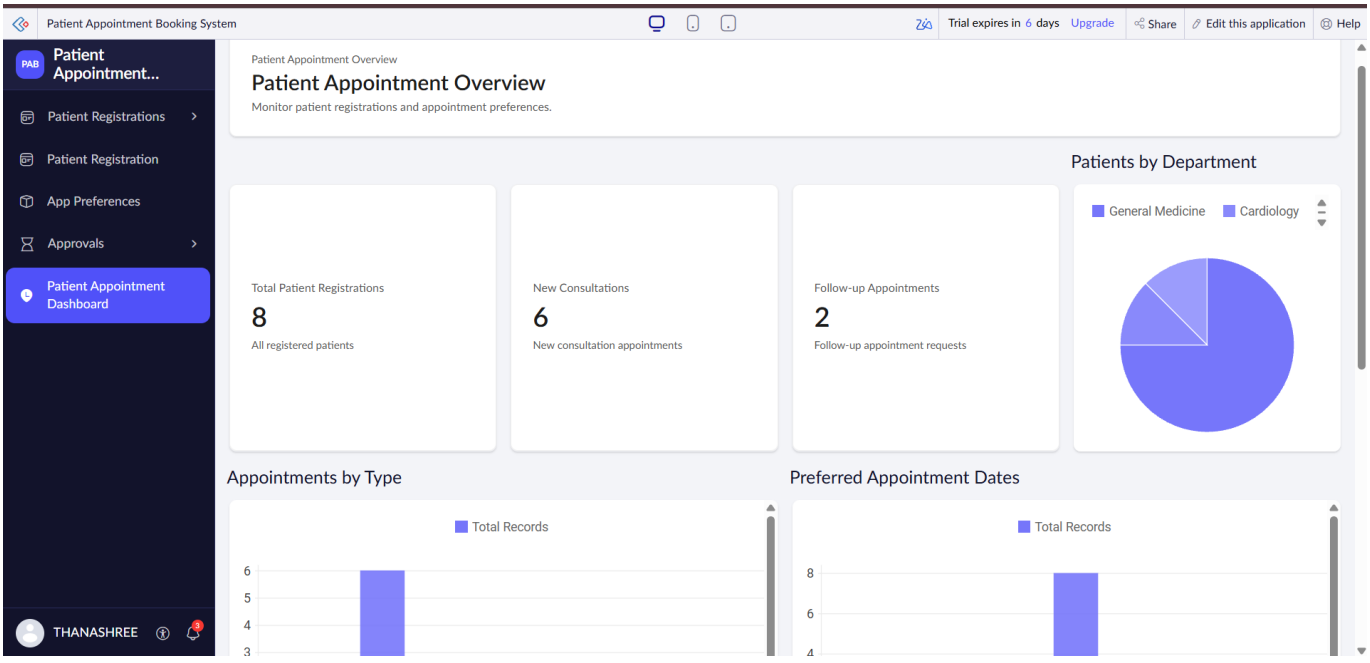

6. Preview the dashboard and verify that the visualizations and report display the available application records.

Result

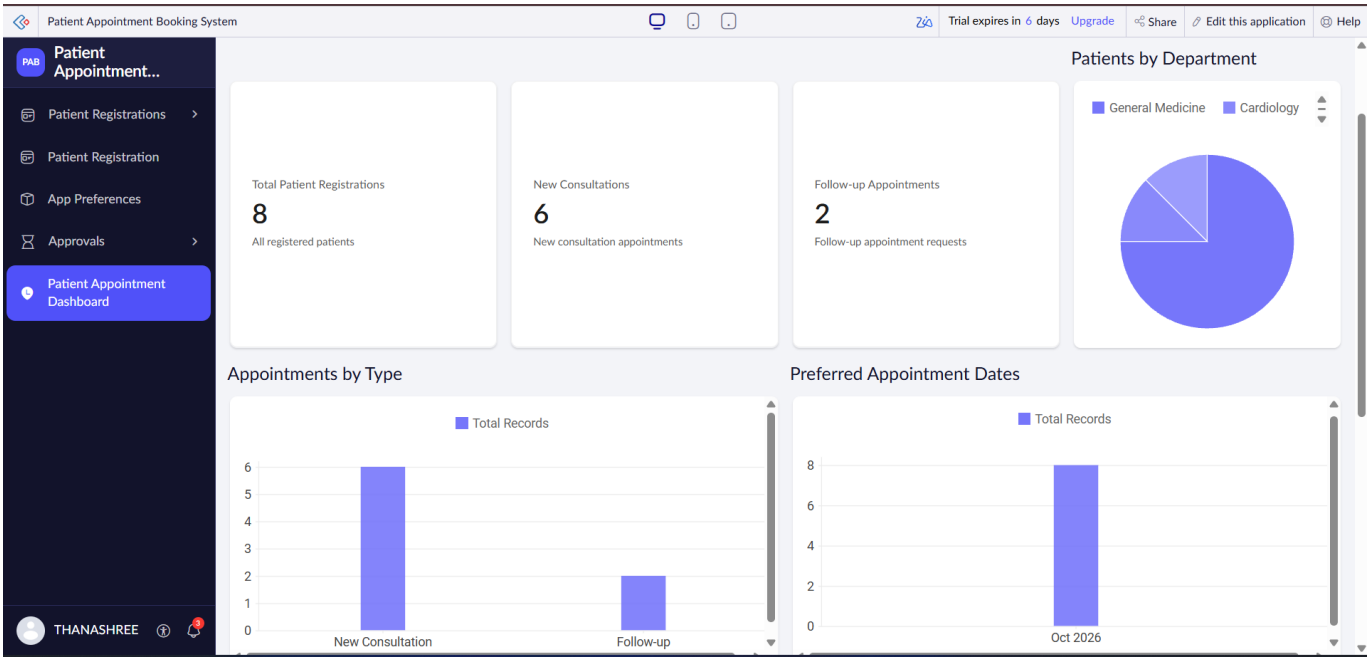

The Patient Appointment Dashboard and Appointment Schedule Report were displayed successfully in Zoho Creator. The demonstration data showed 8 patient registrations, including 6 new consultations and 2 follow-up appointments.
